

Ambar Wadle

Surgical Technologist

Dear Jennier Gameros,

I am writing to express my interest in the Surgical Technologist position at Stryker Corporation as advertised. With a solid foundation in surgical procedures acquired during my five years of experience at Johnson & Johnson, I am excited about the opportunity to bring my skills and dedication to the Stryker team.

Throughout my tenure at Johnson & Johnson, I have honed my abilities in a range of surgical settings, providing me with a comprehensive understanding of the discipline required for the role. My hands-on experience includes preparing operating rooms, arranging equipment, and ensuring that all instruments are sterilized and functioning correctly. I have effectively collaborated with surgical teams to facilitate successful surgical outcomes and have consistently been recognized for my attention to detail and my ability to anticipate surgeons' needs.

I have always been committed to continuous learning and professional development, which has allowed me to stay current with the latest technological advances in surgical equipment and procedures. This aligns with Stryker Corporation's reputation for innovation and excellence in the medical technology field. I am particularly impressed with Stryker's dedication to improving healthcare, and I am eager to contribute to a company that shares my passion for making a positive impact on patients' lives.

What excites me most about the opportunity at Stryker is the prospect of working with a team that values precision, collaboration, and a patient-centered approach to healthcare. I am confident that my proactive nature, combined with my expertise in the operating room, will make me a valuable asset to your department. I am looking forward to the possibility of discussing how my experience and skills align with the needs of your surgical team.

Thank you for considering my application. I am enthusiastic about the opportunity to contribute to Stryker Corporation and am eager to bring my background in surgical technology to your esteemed company.

Warm regards,

Ambar Wadle
