Charleston, WV

PROFILE

I am a seasoned Systems Integrator with over 3 years of experience in deploying, configuring, and maintaining complex IT systems. My expertise lies in developing solutions that ensure the integrity and reliability of all IT systems. My success in this role has been demonstrated by my ability to reduce downtime and increase system efficiency while maintaining cost-effectiveness. I have a strong understanding of IT security principles and industry best practices and I am experienced in troubleshooting and resolving complex system issues. My technical acumen combined with my excellent problem-solving skills allows me to effectively analyze and identify areas for improvement and develop solutions to meet business objectives.
