Profile

I am an experienced IT Auditor with over 2 years of experience in providing internal audit and consulting services to clients. I have a strong background in assessing complex IT systems and processes. My knowledge of financial and accounting principles, coupled with my excellent analytical and problem-solving skills, has enabled me to successfully identify areas of improvement and provide exceptional solutions to clients. Furthermore, I have a proven track record of delivering high quality audit reports and recommendations. I have strong communication and interpersonal skills with the ability to work independently and collaborate effectively with team members.

Employment History

Senior IT Auditor at KPMG, OH

Nov 2022 - Present

- Developed and implemented a risk-based approach to IT audit for KPMG's Ohio office, resulting in a 20% increase in audit efficiency.
- Identified and documented control weaknesses in client organizations' IT systems, resulting in the implementation of corrective actions that saved the organization over \$150,000 in potential losses.
- Developed a comprehensive IT audit methodology for use across all KPMG offices in Ohio, which led to a 25% reduction in time spent on IT audits.

IT Auditor at Deloitte, OH

Aug 2021 - Oct 2022

- Developed an automated audit process for Deloitte's IT operations in Ohio, which reduced manual audit time by 50% and improved accuracy of results by 75%.
- Implemented a new system security protocol which decreased the number of security breaches by 90%.
- Led a team of 8 IT auditors in completing a comprehensive internal audit of Deloitte's Ohio operations, resulting in cost savings of \$150,000.
