Cheyenne, WY

PROFILE

I am a Technical Project Manager with over 3 years of experience leading successful projects for a variety of industries. I have a proven track record of launching projects on time and on budget. My expertise includes project planning, requirements analysis, resource management, risk management, and stakeholder management. Additionally, I have experience integrating new technologies, managing remote teams, and working with cross-functional teams. I possess excellent communication and organizational skills and am proficient in Agile and Waterfall methodologies. I am a highly motivated individual with a passion for technology and innovation.
