Building and configuring computer hardware

EMPLOYMENT HISTORY

Senior Backend Developer at Codal Inc., IL

Feb 2023 - Present

- Developed and optimized a high-traffic web application, resulting in a 35% reduction in server response time and a 20% increase in the overall performance of the platform.
- Led a team of backend developers in the successful migration of legacy systems to microservices architecture, improving system scalability and reducing development time by 25%.
- Spearheaded the integration of a robust API system that streamlined communication between multiple applications, leading to a 30% reduction in data redundancy and a 15% improvement in data accuracy across the company's software suite.

Backend Developer at Enova International, IL

Jul 2022 - Jan 2023

- Developed a robust, high-performance backend system that increased server response time by 35% while handling a 50% increase in user traffic, leading to improved customer experience and satisfaction.
- Successfully migrated the company's legacy applications to a microservices architecture, resulting in a 40% reduction in codebase size, 25% improvement in deployment time, and a 30% decrease in system downtime.
- Led a team of 4 developers in the design and implementation of a new data processing pipeline that streamlined the handling of over 2 million daily transactions, increasing data processing efficiency by 45% and reducing costs by 20%.
- Implemented comprehensive performance monitoring and logging tools, which enabled the early identification and resolution of critical system issues, reducing the occurrence of production incidents by 60%.

EDUCATION

Bachelor of Engineering in Software Engineering with a focus on Backend Development at University of Illinois at Urbana-Champaign, IL

Sep 2018 - May 2022

Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Web Development, Database Systems, Operating Systems, Computer Networks, Software Engineering Principles, Cloud Computing, and Distributed Systems.

CERTIFICATES

AWS Certified Developer - Associate
