Profile

Diligent and efficient Bagger with 1 year of experience in providing excellent customer service and accurate bagging in fast-paced retail environments. Proficient in handling various types of merchandise, prioritizing bagging tasks, and ensuring customer satisfaction. Demonstrates strong communication skills and adaptability to changing work demands. Committed to maintaining a clean, organized, and safe work area.

Employment History

Bagger at Maryland Portable Crushing, MD

Feb 2023 - Present

- Efficiently processed over 500 tons of materials per day, contributing to a significant increase in the company's overall productivity and revenue.
- Successfully maintained a 98% accuracy rate in sorting and bagging materials, ensuring high-quality products were delivered to clients and reducing waste costs.
- Consistently exceeded daily bagging targets by 15% on average, demonstrating exceptional work ethic and commitment to meeting company goals.
- Implemented a new bagging organization system that reduced setup time by 25%, allowing for more efficient use of resources and personnel.

Bagger Trainee at R.B. Hinkle Construction, MD

Aug 2022 - Jan 2023

- Successfully completed bagging and tagging training, achieving a 100% accuracy rate in identifying and sorting various construction materials, leading to increased efficiency in the warehouse.
- Streamlined the bagging process for utility installation projects by implementing a color-coding system, reducing material retrieval time by 25% and improving overall productivity.
- Assisted in training four new bagger trainees, sharing best practices and providing guidance, resulting in a 50% reduction in training time and faster onboarding of new team members.
- Consistently maintained a clean and organized workspace, contributing to a 20% reduction in workplace accidents and ensuring compliance with company safety standards.
