

Makylah Jocelyn

Boilermaker

Profile

A highly skilled Boilermaker with 4 years of experience in the fabrication, installation, and maintenance of boilers and related systems. Proficient in welding, blueprint reading, and adhering to safety regulations, with a strong track record of delivering high-quality work on time and within budget. Demonstrated ability to work effectively within a team and adapt to various work environments, contributing to increased efficiency and productivity. Seeking to leverage expertise to contribute to the growth and success of a forward-thinking organization.

Employment History

Boilermaker at Cleaver-Brooks Sales & Service, VA

Mar 2023 - Present

- Successfully completed a large-scale boiler installation project for a major industrial client, resulting in a 20% increase in their production capacity and a 10% reduction in energy consumption.
- Efficiently led a team of 5 boilermakers in the repair and maintenance of over 100 boilers across multiple client sites, achieving a 95% success rate in resolving issues within 48 hours and reducing downtime by 30%.
- Implemented a comprehensive safety training program for all boilermakers at Cleaver-Brooks Sales & Service, VA, leading to a 40% decrease in workplace accidents and injuries over a one-year period.
- Streamlined the boiler inspection process by developing a standardized checklist, resulting in a 15% reduction in time spent on inspections and a 25% improvement in identifying potential issues before they became critical.

Boilermaker Apprentice at Industrial Boiler & Mechanical Company, VA

Sep 2019 - Feb 2023

- Successfully completed a comprehensive 4-year apprenticeship program, gaining hands-on experience in boiler installation, repair, and maintenance, while working on over 50 industrial boiler projects in various industries.
- Efficiently led a team of 5 junior apprentices in the successful retrofitting of a 100,000 lb/hr steam boiler system, resulting in a 20% increase in energy efficiency for a major paper manufacturing facility in Virginia.
- Demonstrated exceptional welding skills by achieving a 98% first-time pass rate on all X-ray quality welds, significantly reducing the need for rework and contributing to a 15% reduction in project lead times.

Education

Diploma in Boilermaking and Welding Technology at Tidewater Community College, Norfolk, VA

Aug 2014 - May 2019
