Profile

A highly skilled and detail-oriented CAD Manager with 5 years of experience in overseeing the development and maintenance of Computer-Aided Design (CAD) systems and processes. Proficient in various CAD software, adept at creating and implementing efficient workflows, and maintaining high-quality standards. Demonstrated expertise in managing cross-functional teams, providing training, and driving continuous improvement initiatives to optimize productivity and accuracy in design projects.

Employment History

CAD Manager at AutoCAD Solutions Inc., KS

Mar 2023 - Present

- Successfully managed a team of 10 CAD designers in the completion of over 200 projects annually, resulting in a 15% increase in overall project efficiency for AutoCAD Solutions Inc., KS.
- Implemented a new CAD software training program for employees, which increased proficiency levels by 25% and reduced onboarding time for new hires by 50%.
- Streamlined the CAD design process by introducing standardized templates and guidelines, leading to a 20% reduction in design errors and a 10% decrease in project turnaround time.

Assistant CAD Manager at Kansas CAD Services LLC, KS

Aug 2018 - Jan 2023

- Successfully managed a team of 5 CAD drafters to complete over 200 projects within the given deadlines, resulting in a 15% increase in overall productivity for the company.
- Implemented a new CAD software training program for the team, which led to a 25% improvement in the efficiency and quality of work delivered while reducing errors by 30%.
- Streamlined the communication process between project managers and CAD drafters, reducing project delays by 20% and increasing client satisfaction by 10%.
