EMPLOYMENT HISTORY

CAD Technician at Merrick & Company, NM

Apr 2023 - Present

- Successfully completed over 50 complex CAD projects within the first year of employment, resulting in a 15% increase in the company's overall project completion rate.
- Developed and implemented a new CAD file management system that reduced file retrieval time by 30% and increased overall team efficiency by 10%.
- Trained and mentored 5 junior CAD technicians, leading to a 25% increase in their productivity and a significant improvement in the quality of their work.
- Streamlined the CAD design process for a major client's project, reducing the required man-hours by 20% and saving the company \$50,000 in labor costs.

Junior CAD Technician at Wilson & Company, NM

Jul 2022 - Feb 2023

- Successfully completed over 150 complex CAD projects within the first year of employment, contributing significantly to the company's overall project completion rate.
- Streamlined the CAD design process by implementing new software tools and techniques, resulting in a 25% reduction in project turnaround time and increasing team efficiency.
- Collaborated with senior engineers and architects on high-profile projects, including the \$2.5 million renovation of a commercial building in Albuquerque, ensuring accurate and timely delivery of all CAD drawings and documentation.
- Mentored and trained two new Junior CAD Technicians, improving their skillsets and helping them become valuable assets to the Wilson & Company team within their first six months of employment.

EDUCATION

Associate of Applied Science in Computer-Aided Drafting and Design at Central New Mexico Community College, Albuquerque, NM

Aug 2018 - May 2022

Relevant Coursework: AutoCAD, SolidWorks, Revit, 3D Modeling, Architectural Drafting, Mechanical Drafting, Electrical Drafting, Geometric Dimensioning and Tolerancing, Engineering Graphics, Blueprint Reading, and Project Management.

CERTIFICATES

Autodesk Certified Professional (ACP) in AutoCAD
