

# Annali Maisch

Carpenter

## Profile

Dedicated Carpenter with 4 years of experience in residential and commercial construction projects, showcasing exceptional craftsmanship and proficiency in various carpentry tools and techniques. Adept in interpreting blueprints, ensuring timely project completion, and collaborating with cross-functional teams to deliver high-quality results. Strong focus on safety and compliance with construction standards. Committed to continuous learning and applying new skills to enhance job performance and customer satisfaction.

## Employment History

### Carpenter at Carpenter's Custom Creations, OK

Mar 2023 - Present

- Completed a large-scale kitchen remodeling project for a high-end client within a tight deadline of 4 weeks, resulting in a 15% increase in overall customer satisfaction for Carpenter's Custom Creations.
- Successfully managed a team of 5 carpenters in the construction of a custom-built wooden gazebo, spanning 300 square feet, in just 3 weeks, exceeding the client's expectations and receiving a 10% bonus on the project.
- Mastered the art of intricate wood carving and implemented the skill in designing an elaborate staircase railing for a historic home renovation, which contributed to a 20% boost in referral business for the company.

### Apprentice Carpenter at Oklahoma City Woodworks, OK

Aug 2019 - Feb 2023

- Completed a large-scale commercial project for a major client in Oklahoma City, successfully installing custom woodwork in over 15,000 square feet of office space within the given deadline of 3 months, contributing to a 10% increase in company revenue for that quarter.
- Skillfully managed and executed a complex residential project involving custom cabinetry and millwork installation in a 5,000 square foot home, resulting in a 97% customer satisfaction rating and leading to multiple referrals for future business.
- Streamlined the workshop's inventory and organization system, reducing waste by 20% and increasing overall productivity by 15%, which contributed to the completion of an additional 8 projects within the same year.
