Profile

Diligent Clinical Documentation Specialist with 2 years of experience in streamlining and improving the accuracy of medical records. Adept at analyzing clinical information, ensuring compliance with regulatory requirements, and working closely with healthcare professionals. Skilled in using Electronic Health Record (EHR) systems and committed to enhancing overall patient care quality.

Employment History

Clinical Documentation Specialist at Indiana University Health, IN

May 2023 - Present

- Implemented a new clinical documentation system, resulting in a 25% reduction in documentation errors and improving overall patient care quality.
- Successfully trained over 100 healthcare professionals in the use of the new documentation system, leading to a 90% adoption rate within six months.
- Conducted a comprehensive review of over 5,000 patient records, identifying and addressing 300+ instances of discrepancies, ultimately ensuring compliance with state and federal regulations.

Clinical Documentation Coordinator at Community Health Network, IN

Sep 2021 - Mar 2023

- Successfully implemented a new clinical documentation software across the network, resulting in a 20% increase in efficiency and a 15% reduction in documentation errors.
- Streamlined communication between healthcare providers and medical coders, leading to a 30% improvement in the accuracy of coded data and a 25% reduction in claim denials due to coding errors.
- Led a team of clinical documentation specialists in a large-scale audit of patient records, identifying and correcting over 5,000 documentation discrepancies and ensuring compliance with regulatory requirements.
