

# Bell Achilles

Clinical Laboratory Scientist

## Profile

Dedicated Clinical Laboratory Scientist with 2 years of experience in performing complex laboratory tests and analyzing results to support accurate diagnoses and treatment plans. Proficient in operating and maintaining laboratory equipment, ensuring strict adherence to quality control measures, and staying current with industry advancements. Strong interpersonal skills with the ability to collaborate effectively with healthcare professionals, contributing to exceptional patient care.

## Employment History

### Clinical Laboratory Scientist at LabCorp, MO

Apr 2023 - Present

- Successfully implemented a new Laboratory Information System (LIS) at LabCorp, MO, resulting in a 20% increase in overall efficiency and reducing manual data entry errors by 15%.
- Led a team of 10 Clinical Laboratory Scientists in the validation and introduction of 5 new diagnostic tests, improving the lab's testing capabilities and increasing annual test volume by 25%.
- Streamlined the Quality Management System (QMS) at LabCorp, MO, leading to a reduction in non-conformances by 30% and contributing to successful accreditation by the College of American Pathologists (CAP) in 2019.
- Collaborated with cross-functional teams to develop and implement a comprehensive training program for new Clinical Laboratory Scientists, reducing the onboarding time by 50% and increasing employee retention by 10%.

### Associate Clinical Laboratory Scientist at Quest Diagnostics, MO

Sep 2021 - Feb 2023

- Successfully implemented a new laboratory information management system (LIMS) that increased efficiency by 25% and reduced manual data entry errors by 30% in the first year of implementation.
- Streamlined the workflow for processing over 10,000 clinical samples per month, resulting in a 15% reduction in turnaround time and a 5% increase in overall productivity.
- Developed and validated a new diagnostic assay for detecting a specific biomarker, leading to a 20% increase in accurate diagnoses for patients and a 10% reduction in unnecessary follow-up testing.

## Education

### Bachelor of Science in Clinical Laboratory Science at University of Missouri, Columbia, MO

Aug 2016 - May 2021

Relevant Coursework: Microbiology, Biochemistry, Hematology, Immunology, Molecular Diagnostics, Clinical Chemistry, Laboratory Management, and Medical Terminology.
