

Vincentina Doleshal

Clinical Research Associate

Profile

Results-driven Clinical Research Associate with 2 years of experience in effectively managing clinical trials and monitoring study protocols. Skilled in ensuring compliance with regulatory standards, maintaining accurate documentation, and managing data collection. Demonstrates strong communication skills and the ability to collaborate with cross-functional teams to achieve study objectives. Adept at building relationships with clinical sites, investigators, and sponsors to ensure successful study execution and completion.

Employment History

Senior Clinical Research Associate at Covance Inc., ID

Apr 2023 - Present

- Successfully managed and monitored 15 clinical trials across various therapeutic areas, ensuring 98% on-time completion and strict adherence to ICH-GCP guidelines.
- Streamlined the process of site initiation visits, reducing the average time taken by 25% and resulting in faster patient enrollment for over 20 clinical sites.
- Conducted thorough data review and verification for 10,000+ patient case report forms, maintaining a 99.5% accuracy rate and contributing to high-quality data collection for study analysis.
- Mentored and provided training to 8 new Clinical Research Associates, helping them achieve full proficiency within 6 months and improving overall team productivity by 15%.

Clinical Research Associate I at PRA Health Sciences, ID

Sep 2021 - Mar 2023

- Successfully managed and monitored 10 clinical trial sites, ensuring 95% protocol adherence and timely completion of study objectives.
- Conducted over 50 site visits, including initiation, interim monitoring, and close-out, resulting in improved data quality and resolution of issues within 48 hours.
- Streamlined communication between 15 cross-functional team members, reducing project timeline by 20% and increasing overall efficiency.
- Identified and resolved over 100 discrepancies in clinical trial data, contributing to a 30% reduction in data query rates and ensuring accurate reporting for regulatory submissions.
