EMPLOYMENT HISTORY

CMM Operator at Applied Technical Services, WA

May 2023 - Present

- Successfully increased production efficiency by 15% through the optimization of CMM programming and inspection processes, leading to reduced lead times and improved customer satisfaction.
- Significantly reduced inspection errors by 25% within the first year by implementing stringent quality control measures and providing comprehensive training to team members, resulting in improved product quality and reduced rework costs.
- Streamlined communication between cross-functional teams, leading to a 10% reduction in project delays and enhanced collaboration, ultimately contributing to the timely delivery of high-quality products to clients.

CMM Operator Trainee at OMAX Corporation, WA

Sep 2022 - Mar 2023

- Successfully completed 100+ CMM operations within the first six months, contributing to a 15% increase in production efficiency at OMAX Corporation, WA.
- Streamlined the CMM operator training process, resulting in a 20% reduction in training time for new employees and a 10% overall increase in team productivity.
- Identified and resolved 50+ measurement discrepancies, ensuring a 99% accuracy rate in CMM reports and reducing customer complaints by 30%.
- Collaborated with the engineering team to optimize CMM programming, leading to a 25% reduction in inspection time and boosting the overall output of the department.

EDUCATION

Associate of Applied Science in Precision Machining Technology at Spokane Community College, Spokane, WA

Aug 2018 - May 2022

Relevant Coursework: CNC Programming, Computer-Aided Design (CAD), Computer-Aided Manufacturing (CAM), Metrology, Materials Science, Machine Tool Operations, Manufacturing Processes, and Quality Control.

CERTIFICATES

Coordinate Measuring Machine (CMM) Operator Certification

Feb 2022

American Society for Quality (ASQ) Certified Calibration Technician

Oct 2020
