CNC Machinist

---

## Details

[karlin.kazimi@gmail.com](mailto:karlin.kazimi@gmail.com)

(607) 131-7124

1234 Sunshine Blvd, San Francisco, CA 94105

---

---

## Profile

Detail-oriented CNC Machinist with 2 years of experience in the manufacturing industry. Proficient in programming, setting up, and operating CNC machines to produce high-quality parts. Demonstrated ability to read and interpret blueprints, maintain equipment, and adhere to safety procedures. Strong problem-solving skills and commitment to continuous improvement, ensuring optimal efficiency and precision in production processes.

## Employment History

### CNC Machinist at Haas Automation Inc., CA

Feb 2023 - Present

- Successfully improved production efficiency by 15% through the development and implementation of new CNC programs, resulting in reduced cycle times and increased output.
- Consistently maintained a 98% on-time delivery rate for customer orders by optimizing machining processes and effectively managing workloads, contributing to increased customer satisfaction.
- Reduced scrap rates by 10% through the implementation of advanced quality control measures, including precision measuring instruments and regular equipment maintenance checks.
- Assisted in training and mentoring 12 new CNC machinists, passing on valuable skills and knowledge that contributed to the overall success of the team and the company.

### CNC Machinist Apprentice at Ellison Technologies, CA

Jul 2021 - Dec 2022

- Successfully completed a 6-month apprenticeship program at Ellison Technologies, CA, gaining hands-on experience in CNC machining and programming, leading to a full-time position as a CNC Machinist.
  - Increased production efficiency by 15% within the first three months of the apprenticeship by implementing new machine setups and optimizing existing processes, resulting in reduced lead times and increased customer satisfaction.
  - Assisted in the development and implementation of a new quality control system, which led to a 10% reduction in defects and rework, saving the company over \$50,000 in labor and material costs.
-

## Education

### Diploma in CNC Machining and Manufacturing Technology at Long Beach City College, Long Beach, CA

Aug 2017 - May 2021

Relevant Coursework: CNC Programming, CAD/CAM, Precision Measurement, Blueprint Reading, Machine Tool Operations, Manufacturing Processes, and Quality Control.
