HOBBIES

PROFILE

Results-driven Coldfusion Developer with 1 year of experience in designing, developing, and maintaining web applications. Proficient in ColdFusion Markup Language (CFML), SQL, and JavaScript. Strong problem-solving and troubleshooting skills with a keen eye for detail. Adept at collaborating with cross-functional teams, quickly adapting to new technologies, and delivering high-quality solutions to meet business objectives.

EMPLOYMENT HISTORY

● Coldfusion Developer at Appnovation Technologies, GA

Feb 2023 - Present

- Developed a high-performance web application for a leading e-commerce client, resulting in a 35% increase in online sales and a 50% reduction in page load time.
- Successfully migrated a legacy ColdFusion system to a modern, scalable architecture for a major financial institution, improving system efficiency by 40% and reducing maintenance costs by 25%.
- Led a team of developers in the creation of a custom content management system for a large publishing company, streamlining their content production process and increasing productivity by 30%.
- Implemented critical security updates and performance optimizations for a government agency's web portal, enhancing system stability by 20% and ensuring compliance with stringent security standards.

● Junior Coldfusion Developer at Charter Global Inc., GA

Aug 2022 - Dec 2022

- Developed and implemented a ColdFusion-based web application for a major client, resulting in a 25% increase in operational efficiency and a 15% reduction in processing time.
- Successfully resolved over 150 critical bugs within the first three months of joining Charter Global Inc., leading to a 10% increase in overall system stability and performance.
- Collaborated with a team of developers to redesign and optimize an existing web portal, leading to a 40% improvement in user experience and a 20% increase in user engagement.
