## Commissioning Manager

### Profile

A results-driven Commissioning Manager with 5 years of experience in effectively overseeing and executing commissioning projects across various industries. Proven ability to manage teams, develop commissioning plans, and ensure timely delivery while adhering to safety and quality standards. Demonstrates strong communication, problem-solving, and leadership skills, contributing to the successful completion of projects and enhancing client satisfaction.

### Employment History

#### Commissioning Manager at Exelon Corporation, MD

Apr 2023 - Present

- Led the successful commissioning of a \$1.2 billion power plant project, ensuring all systems and equipment were fully operational and met strict safety and environmental standards; this resulted in a 20% increase in the company's overall power generation capacity.
- Managed a team of 50 engineers and technicians in the commissioning of a new nuclear power facility, completing the project 3 months ahead of schedule and reducing costs by 10% through efficient resource allocation and streamlined processes.
- Developed and implemented a comprehensive training program for over 100 employees, increasing their technical skills and knowledge in commissioning best practices, leading to a 15% reduction in commissioning time and a 5% improvement in overall plant performance.

#### Assistant Commissioning Manager at AECOM, MD

Aug 2018 - Feb 2023

- Successfully managed the commissioning of a \$50 million facility, ensuring all systems were operating efficiently and within budget, resulting in a 10% cost savings for AECOM.
- Led a team of 8 engineers and technicians in the commissioning of a complex HVAC system, reducing energy consumption by 15% and saving the client \$1.2 million annually in energy costs.
- Streamlined the commissioning process for a major infrastructure project, cutting the project timeline by 3 months and delivering it ahead of schedule, which led to a 5% increase in overall client satisfaction.
- Implemented a new quality control system that improved the accuracy of commissioning reports by 20%, reducing errors and increasing client trust in AECOM's services.
