Profile

Dedicated Construction Technician with 1 year of experience in the industry, skilled in interpreting blueprints and executing construction tasks with precision. Proficient in using various tools and equipment, ensuring safety compliance, and completing projects on time. Demonstrates strong communication abilities, excellent problem-solving skills, and a keen eye for detail, making a valuable addition to any construction team.

Employment History

Construction Technician at Cajun Industries, LLC, LA

Apr 2023 - Present

- Completed a \$50 million industrial construction project for a major client in Louisiana, on-time and within budget, resulting in a 15% increase in repeat business for Cajun Industries, LLC.
- Successfully managed a team of 40 construction technicians, achieving a 95% retention rate over a 3-year period, reducing recruitment costs and improving overall productivity.
- Implemented new safety protocols in coordination with OSHA guidelines, leading to a 20% reduction in workplace accidents and injuries, and contributing to the company's improved safety record.
- Spearheaded an initiative to incorporate sustainable building practices into the company's operations, resulting in a 10% reduction in energy consumption and waste generation across all projects.

Assistant Construction Technician at The Lemoine Company, LA

Aug 2022 - Feb 2023

- Successfully managed and completed a \$5 million commercial construction project within budget and ahead of schedule by 2 weeks, resulting in a 5% cost savings for The Lemoine Company.
- Implemented a streamlined communication system between field teams and office staff that reduced response times by 30% and increased overall project efficiency by 10%.
- Oversaw the installation of energy-efficient systems in a 50,000 square-foot facility, resulting in a 15% reduction in energy consumption and a projected cost savings of \$100,000 over five years for the client.
- Developed and implemented a safety training program that led to a 40% decrease in workplace accidents and earned The Lemoine Company an industry safety award in 2019.
