HOBBIES

PROFILE

Dedicated Construction Worker with 1 year of experience in various construction projects, including residential and commercial buildings. Proficient in using hand and power tools, interpreting blueprints, and adhering to safety regulations. Strong work ethic, excellent communication skills, and a team player with a commitment to completing projects on time and within budget. Eager to contribute to the success of any construction project.

EMPLOYMENT HISTORY

Construction Worker at Cajun Industries, LLC, LA

Mar 2023 - Present

- Successfully completed a \$25 million industrial construction project for a major chemical plant in Louisiana, ahead of schedule by two weeks and under budget by 5%, resulting in significant savings for the client and earning recognition from Cajun Industries management.
- Efficiently managed a team of 50 construction workers and coordinated with subcontractors, leading to a 20% increase in productivity and a 15% reduction in safety incidents for a large-scale commercial development project in Baton Rouge.
- Implemented innovative cost-saving measures and streamlined processes in materials procurement, which led to a 10% reduction in overall expenses for a \$10 million infrastructure improvement project in New Orleans, contributing to the company's reputation for cost-effective and high-quality work.

Construction Laborer at The Lemoine Company, LA

Aug 2022 - Jan 2023

- Completed a \$50 million commercial building project in New Orleans, LA, within the given timeframe and 10% under budget, resulting in significant cost savings for The Lemoine Company and high satisfaction from the client.
- Successfully led a team of 20 construction laborers in the renovation of a historic 150,000 sq. ft. property in Baton Rouge, increasing its value by 35% and preserving its architectural integrity.
- Implemented new safety measures and training programs that reduced on-site accidents by 25% in one year, improving overall workplace safety and minimizing project delays due to injuries.
- Streamlined the procurement process for construction materials, achieving a 15% reduction in costs and a 20% increase in efficiency, which resulted in faster project completion times and increased profits for The Lemoine Company.
