Employment History

Cost Controller at Sandia National Laboratories, NM

Apr 2023 - Present

- Successfully reduced project costs by 15% (\$1.2 million) through implementing a robust cost control strategy, streamlining processes, and identifying areas for cost optimization in a major research initiative at Sandia National Laboratories.
- Implemented an accurate and efficient cost tracking system that resulted in a 20% reduction in reporting errors, ensuring timely and precise financial data for decision-making across various projects.
- Led a cross-functional team to conduct a comprehensive budget analysis, which identified and eliminated \$500,000 in unnecessary expenses, contributing to the overall financial health of Sandia National Laboratories.

Assistant Cost Controller at Los Alamos National Laboratory, NM

Jul 2021 - Feb 2023

- Successfully reduced operational costs by 15% by identifying inefficiencies and implementing cost-saving measures, resulting in annual savings of over \$1 million for Los Alamos National Laboratory.
- Streamlined financial reporting processes, reducing monthly report preparation time by 30%, allowing for faster decision-making and improved resource allocation.
- Collaborated with project managers to develop accurate budgets for 10+ projects, ensuring a 98% on-budget completion rate, and contributing to the overall financial success of the laboratory.
