Profile

As a pharmacy buyer with over 2 years of experience, I have developed a strong understanding of pharmaceutical inventory and supply chain management. I have a proven track record of successfully managing the purchasing and replenishment of pharmaceutical products, utilizing cost-effective methods to ensure availability of medications for patients. My expertise lies in developing effective relationships with vendors, analyzing inventory data and trends, and creating strategies for cost savings. I am well-versed in FDA regulations and possess a strong knowledge of pharmaceutical products. I have the ability to handle multiple projects simultaneously, meet tight deadlines, and effectively manage large budgets.
