PROFILE

Dedicated Deckhand with 1 year of experience in providing exceptional support for maritime operations. Proficient in vessel maintenance, safety procedures, and navigation assistance. Demonstrates strong teamwork skills, adaptability, and a keen attention to detail. Committed to ensuring a safe and efficient work environment on board.

EMPLOYMENT HISTORY

● Lead Deckhand at Great River Towing, MN

Apr 2023 - Present

- Successfully managed the safe and efficient mooring of over 200 vessels at various ports along the Mississippi River, ensuring minimal downtime and maximum productivity for clients.
- Streamlined deck operations by implementing new safety protocols and training procedures, resulting in a 15% reduction in workplace accidents and injuries.
- Led a team of deckhands in the completion of a major barge reconfiguration project, increasing the company's towing capacity by 10% and boosting revenue by \$1.2 million annually.
- Received recognition as "Lead Deckhand of the Year" in 2020 for outstanding performance, commitment to safety, and exceptional leadership skills, contributing to a 25% increase in crew efficiency and overall job satisfaction.

● Deckhand at Upper River Services, MN

Jul 2022 - Feb 2023

- Successfully completed over 1500 hours of deckhand work in a single season, ensuring smooth operations and timely transportation of cargo along the Mississippi River.
- Efficiently managed the safe loading and unloading of over 5000 tons of various cargoes, including grain, coal, and aggregates, contributing to the company's profitability and customer satisfaction.
- Played a key role in the safe navigation of the company's vessels through challenging river conditions, resulting in zero accidents or incidents during my tenure.
- Actively participated in over 100 lock and dam transits, coordinating with the US Army Corps of Engineers and other river traffic to ensure safe passage for the company's barges and towboats.
