

# Dylan Vencill

Dental Ceramist

## Profile

Dental Ceramist with 2 years of experience in fabricating high-quality dental prosthetics, including crowns, bridges, and veneers. Skilled in using various ceramic materials and techniques, ensuring precise color matching and adherence to dentist prescriptions. Adept at collaborating with dental team members and maintaining a clean, safe, and organized lab environment. Committed to continuous learning and staying up-to-date with the latest industry advancements.

## Employment History

### Dental Ceramist at Great Lakes Smile Designs, MI

Feb 2023 - Present

- Crafted over 500 high-quality dental prosthetics, including crowns, bridges, and veneers, resulting in a 98% patient satisfaction rate at Great Lakes Smile Designs.
- Streamlined the dental lab workflow by implementing a new inventory management system, reducing material waste by 20% and increasing overall efficiency by 15%.
- Trained and mentored 5 junior dental ceramists, improving their technical skills and reducing the average training period from 6 months to 4 months.
- Collaborated with a team of dentists and technicians to develop a new line of custom shade dental ceramics, leading to a 25% increase in sales and a 30% reduction in remakes due to color discrepancies.

### Dental Ceramist Assistant at Ceramist Dental Studio, MI

Jul 2021 - Jan 2023

- Successfully crafted over 300 high-quality dental prosthetics, including crowns, bridges, and veneers, contributing to a 95% patient satisfaction rate at Ceramist Dental Studio.
- Streamlined the workflow in the laboratory by implementing an efficient organization system for tools and materials, reducing the average time spent on each case by 20%.
- Assisted in training and mentoring two new Dental Ceramist Assistants, helping them to become proficient in various techniques and increasing overall team productivity by 15%.
- Collaborated with dentists and other team members on complex cases, resulting in a 10% increase in successful restorations and improved patient outcomes.
