Employment History

Commercial Diver at Dive New York City, NY

Feb 2023 - Present

- Successfully completed 50+ underwater inspections of critical infrastructure across New York City, ensuring the safety and stability of bridges, piers, and waterways.
- Conducted a complex underwater repair project on a major city bridge, with a team of 5 divers, saving the city over \$2 million in potential costs from further damage.
- Led a team of 10 divers in an extensive underwater cleanup operation in the Hudson River, removing over 20 tons of debris and improving water quality in the area.
- Developed and implemented an innovative diver training program at Dive New York City, increasing employee retention by 30% and reducing training costs by 25%.

Dive Supervisor at Scuba Network of Long Island, NY

Sep 2022 - Dec 2022

- Successfully managed a team of 15 dive instructors and coordinated over 500 dive sessions, resulting in a 20% increase in customer satisfaction and a 10% boost in revenue for Scuba Network of Long Island in 2019.
- Implemented a comprehensive safety training program for all instructors and staff, leading to a 30% reduction in incidents and a 100% safety record for the company in two consecutive years (2018-2019).
- Developed and executed targeted marketing campaigns, which attracted over 300 new customers and contributed to a 15% growth in annual membership numbers during the 2018-2019 fiscal year.
