Employment History

Drywall Finisher at Ohio Valley Drywall, OH

Feb 2023 - Present

- Completed a large-scale commercial drywall finishing project for a 50,000 square foot office building in Ohio Valley, meeting the deadline and staying within the allocated budget of \$500,000. This project involved finishing over 10,000 linear feet of drywall seams and corners, as well as applying various textures to walls and ceilings.
- Successfully trained and supervised a team of 6 junior drywall finishers, resulting in a 30% increase in productivity and a 20% reduction in errors and rework on projects over a 12-month period. This led to increased customer satisfaction and repeat business for Ohio Valley Drywall.
- Implemented new drywall finishing techniques and materials, such as the use of fast-setting joint compounds and automatic taping tools, which improved overall project efficiency by 25% and reduced material waste by 15%. This resulted in annual savings of over \$50,000 for the company.

Drywall Finisher Apprentice at Buckeye Drywall & Finish, OH

Sep 2022 - Dec 2022

- Completed over 50 drywall finishing projects in residential and commercial buildings within the first year, contributing to a 20% increase in company revenue.
- Streamlined the drywall finishing process by implementing new techniques and tools, reducing project completion time by 15% and increasing overall team efficiency.
- Assisted in training and mentoring three new apprentices, helping them become proficient in drywall finishing techniques and increasing the company's workforce capacity.
- Consistently maintained a high level of quality and customer satisfaction, resulting in a 90% positive feedback rate and an increase in repeat clients for Buckeye Drywall & Finish.
