123 Main St, Rapid City, SD 57701

Profile

Dedicated Electrician with 4 years of experience in residential, commercial, and industrial electrical systems. Proficient in installing, maintaining, and repairing electrical components, while ensuring compliance with safety regulations and codes. Strong problem-solving skills and a commitment to delivering high-quality workmanship for customer satisfaction. Adept at collaborating with cross-functional teams and providing exceptional service for successful project completion.

Employment History

Master Electrician at Muth Electric, SD

Apr 2023 - Present

- Successfully managed and completed a \$1.5 million commercial electrical project for a new office building in Sioux Falls, SD, ensuring timely completion within budget and meeting all safety standards.
- Spearheaded the upgrade of the electrical infrastructure for a school district in Rapid City, SD, supervising a team of 10 electricians and completing the \$800,000 project within a tight three-month deadline during summer break.
- Reduced downtime and increased efficiency by 20% at a manufacturing facility in Watertown, SD, by implementing a comprehensive preventive maintenance program for all electrical systems and equipment.

Journeyman Electrician at Electric Construction Company, SD

Sep 2019 - Mar 2023

- Successfully completed a complex electrical installation project for a 50,000 sq. ft. commercial building within budget and ahead of schedule by streamlining work processes and effectively collaborating with a team of 12 electricians.
- Troubleshoot and resolved over 100 electrical issues in residential and commercial properties, leading to a 95% customer satisfaction rate and generating repeat business for Electric Construction Company, SD.
- Implemented new safety protocols and conducted training sessions for 20 electricians, resulting in a 30% reduction in workplace accidents and injuries in the company within the first year of implementation.
