Ansley Lesniewski

Electronic Assembler

Profile

Detail-oriented Electronic Assembler with 1 year of experience in the assembly and testing of electronic components and systems. Proficient in soldering, blueprint interpretation, and quality assurance, with a strong focus on efficiency and accuracy. Committed to maintaining high standards of performance and ensuring client satisfaction. Quick learner, skilled in adapting to new processes and technologies, seeking to contribute to a dynamic team in the electronics manufacturing industry.

Employment History

Electronic Assembler at Assembled Products, Inc., AR

Mar 2023 - Present

- Successfully assembled and tested 1,500 electronic devices per month, exceeding the company's target by 20% and contributing to a significant increase in production efficiency at Assembled Products, Inc.
- Reduced assembly time per unit by 15% through the implementation of lean manufacturing techniques, resulting in a cost savings of \$50,000 annually for the company.
- Identified and resolved a recurring quality issue in the production process, leading to a 30% reduction in defects and a subsequent improvement in customer satisfaction ratings.
- Trained and mentored 10 new Electronic Assemblers, improving the overall skill level of the team and increasing productivity by 25% within six months.

Electronic Assembler I at Manufacturing Services, Inc., AR

Jul 2022 - Jan 2023

- Assembled and tested 50+ electronic components daily, exceeding the production target by 20% and maintaining a 98% quality rate.
- Reduced assembly time for complex circuit boards by 15% through process improvement and implementation of new soldering techniques, resulting in a 10% increase in overall productivity.
- Trained and mentored five new hires in proper assembly procedures and safety protocols, leading to a 30% reduction in assembly errors within their first three months on the job.

Certificates

IPC-A-610 Certified IPC Specialist (CIS)

Dec 2021

J-STD-001 Soldering Certification

May 2020
