## Profile

Dedicated Elementary School Principal with 5 years of experience in fostering a nurturing and engaging learning environment for K-5 students. Proven track record of implementing innovative academic programs, effectively managing school resources, and building strong relationships with faculty, parents, and the community. Demonstrated ability to lead and inspire staff in achieving academic excellence and nurturing the social and emotional growth of students. Committed to fostering a positive school culture and ensuring the success of every child.

## Employment History

**Elementary School Principal at Texas Elementary Principals and Supervisors Association (TEPSA), TX**

Apr 2023 - Present

- Achieved a 15% increase in overall student performance on standardized tests within two years, through the implementation of targeted instructional strategies and data-driven decision-making.
- Successfully secured a \$50,000 grant for the implementation of a school-wide STEM program, resulting in a 10% increase in student engagement and interest in science, technology, engineering, and math subjects.
- Reduced student discipline referrals by 25% within one year by establishing a positive behavior intervention and support system, leading to a safer and more inclusive school environment.
- Facilitated professional development for over 100 teachers, leading to a 20% increase in staff retention rates and improved collaboration among faculty members.

**Assistant Elementary School Principal at Texas Association of Elementary School Principals (TAESP), TX**

Sep 2018 - Mar 2023

- Successfully implemented a school-wide Positive Behavior Intervention and Support (PBIS) program, resulting in a 35% decrease in disciplinary referrals and a 20% increase in overall student engagement and satisfaction.
- Led the development and execution of a comprehensive professional development plan for 50+ teachers, leading to a 15% increase in standardized test scores across all grade levels within two years.
- Oversaw the integration of technology into the curriculum, which included training staff on effective use of technology, securing grant funding for purchasing new devices, and implementing a 1:1 device program, ultimately raising student proficiency in technology-based assessments by 25%.
- Collaborated with community partners to establish an after-school enrichment program, offering over 15 different clubs and activities that attracted more than 200 students, leading to a 10% improvement in overall student attendance rates.
