## PROFILE

Dedicated Embalmer with 2 years of experience in providing skilled and compassionate care to deceased individuals and their bereaved families. Proficient in embalming, restorative art, and cosmetology techniques to ensure dignified preparations for funeral services. Demonstrated ability to manage and coordinate funeral home operations, adhering to industry standards and regulations. Strong communication and interpersonal skills, focused on creating a supportive environment for grieving families.

## EMPLOYMENT HISTORY

### ● Licensed Embalmer at Bradley & Son Funeral Homes, NJ

Apr 2023 - Present

- Successfully embalmed and prepared over 500 bodies for viewing and burial, ensuring a high level of customer satisfaction and maintaining the company's reputation for quality service.
- Increased efficiency in the embalming process by 20% through the implementation of new techniques and equipment, resulting in cost savings and faster turnaround times for grieving families.
- Led a team of 5 funeral service professionals in providing compassionate support to over 200 families per year, consistently receiving positive feedback and referrals from satisfied clients.
- Developed and conducted training sessions for new employees on embalming procedures and industry best practices, improving overall staff competency and contributing to the growth of Bradley & Son Funeral Homes.

### ● Embalmer Apprentice at Carmona-Bolen Home for Funerals, NJ

Sep 2021 - Feb 2023

- Successfully embalmed and prepared over 200 deceased individuals for viewing, burial, or cremation, ensuring a dignified and respectful presentation for grieving families.
- Streamlined and improved embalming process by implementing new techniques and tools, reducing average preparation time by 15% and increasing overall efficiency in the mortuary.
- Assisted in coordinating and conducting over 100 funeral services, providing compassionate support and guidance to families during their time of need.
- Developed and maintained strong relationships with local vendors and suppliers, resulting in a 10% reduction in supply costs and improved quality of materials used in the embalming process.
