

Ilona Bander

Emergency Room Technician

Profile

Emergency Room Technician with 1 year of experience in providing high-quality, efficient patient care in fast-paced emergency room settings. Skilled in patient assessment, vital sign monitoring, and assisting medical professionals in emergency procedures. Demonstrated ability to work collaboratively in a team environment while maintaining a strong focus on patient safety and satisfaction. Committed to continuous professional development and eager to contribute further to the healthcare field.

Employment History

Emergency Room Technician at Providence Health & Services, OR

Feb 2023 - Present

- Successfully managed and prioritized care for an average of 25 patients per shift, ensuring timely assessments and treatments in a high-stress emergency department environment.
- Assisted in the stabilization and treatment of over 1,200 trauma cases annually, including providing critical support during life-saving procedures and coordinating with multidisciplinary teams.
- Streamlined the patient intake process by implementing a new electronic health record system, resulting in a 15% reduction in wait times and significantly improving patient satisfaction scores.
- Participated in over 100 hours of continuing education and training, including advanced cardiac life support and pediatric emergency care, enhancing the overall quality of care provided to patients in the emergency department.

Emergency Room Technician Assistant at Legacy Health, OR

Sep 2022 - Dec 2022

- Successfully assisted in treating over 1,500 patients per month in a fast-paced emergency room environment, ensuring timely and accurate care for all patients.
- Streamlined the inventory management process by implementing a new tracking system, resulting in a 25% reduction in medical supply waste and saving the department \$10,000 annually.
- Collaborated with a team of medical professionals to reduce patient wait times by 15%, improving overall patient satisfaction rates and contributing to Legacy Health's reputation for high-quality emergency care.
- Developed and delivered comprehensive training sessions for 10 new Emergency Room Technician Assistants, increasing their onboarding efficiency and reducing the time needed for them to become fully proficient in their roles.
