

Marlie Rosenbush

Farm Manager

Profile

A Farm Manager with 5 years of experience in overseeing daily operations, managing budgets, and implementing sustainable practices to optimize production. Proficient in crop planning, livestock management, and maintaining safety standards. Demonstrates strong leadership skills, adaptability, and a commitment to innovation in modern agriculture.

Employment History

Farm Manager at John Deere, IL

May 2023 - Present

- Increased overall farm productivity by 20% in 2018 through the implementation of advanced John Deere technologies, such as precision agriculture and automated machinery, resulting in a \$1.5 million increase in annual revenue.
- Successfully managed a team of 50 farm workers in 2019, leading to a 15% reduction in labor costs and a 10% increase in crop yield, generating an additional \$800,000 in profit for the year.
- Implemented sustainable farming practices in 2020, reducing water usage by 25% and chemical fertilizer usage by 30%, while maintaining crop yield levels, saving the farm \$300,000 annually in resource costs.
- Developed and executed a comprehensive pest management plan in 2021, reducing crop loss due to pests by 40%, resulting in a savings of \$500,000 and ensuring the farm's continued compliance with state and federal regulations.

Assistant Farm Manager at AGCO Corporation, IL

Aug 2018 - Apr 2023

- Successfully increased crop yield by 15% within the first year through efficient resource management and implementation of advanced farming techniques, contributing to a revenue increase of \$200,000 for AGCO Corporation, IL.
- Managed a team of 20 farm workers, reducing labor costs by 10% through effective scheduling, task allocation, and performance monitoring, resulting in annual savings of \$50,000.
- Implemented innovative irrigation system, reducing water usage by 25% and saving \$30,000 in annual water costs, while maintaining optimal soil moisture for crop growth.
- Spearheaded the adoption of precision agriculture technology, increasing overall farm efficiency by 20% and reducing input costs by \$100,000 annually, leading to higher profit margins for AGCO Corporation, IL.
