EMPLOYMENT HISTORY

Chief Flight Instructor at South Carolina Aviation, SC

Feb 2023 - Present

- Successfully trained over 150 students, with a 95% pass rate on their first attempt at the FAA flight exams, significantly exceeding the national average of 80%.
- Implemented an advanced flight training program that resulted in a 25% increase in student enrollment and a 20% reduction in training time, leading to increased revenue for South Carolina Aviation.
- Oversaw the expansion of the flight school's fleet from 5 to 12 aircraft, including the addition of advanced training aircraft, improving the school's ability to accommodate diverse training needs and attract new students.
- Developed and implemented a comprehensive safety program that led to a 40% reduction in incidents and accidents, earning South Carolina Aviation recognition as one of the safest flight schools in the region.

Assistant Flight Instructor at Greenville Aviation, SC

Aug 2022 - Dec 2022

- Successfully trained over 50 students in various flight maneuvers and emergency procedures, resulting in a 90% first-time pass rate on their FAA checkride exams.
- Implemented an improved pre-flight briefing system that increased overall student preparedness by 30% and reduced the average time spent on ground instruction by 15%.
- Assisted in the development and implementation of a new flight training syllabus, which streamlined the learning process and reduced the average number of flight hours required for students to complete their certification by 10%.
- Conducted regular safety seminars for both students and fellow instructors, leading to a 20% decrease in safety-related incidents over a one-year period at Greenville Aviation.
