## EMPLOYMENT HISTORY

### ● Flight Nurse at AirMed International, UT

Feb 2023 - Present

- Successfully managed and executed over 120 critical care transport missions within a year, ensuring the safe and timely transfer of patients to appropriate healthcare facilities.
- Streamlined pre-flight patient assessment processes, resulting in a 20% reduction in time taken for mission preparation and increasing overall operational efficiency.
- Collaborated with a team to develop and implement a new training program for incoming flight nurses, leading to a 30% increase in staff competency levels and improved patient care standards.
- Acted as a key member of the emergency response team during a high-profile natural disaster, providing critical care to over 50 patients and contributing to a 90% survival rate amongst those treated.

### ● Associate Flight Nurse at Classic Air Medical, UT

Sep 2021 - Dec 2022

- Successfully managed and coordinated over 300 medical emergency flights within a year, ensuring timely and efficient transportation of patients to appropriate healthcare facilities.
- Developed and implemented a new patient care protocol that improved the quality of in-flight care by 20%, resulting in increased patient satisfaction and reduced complications.
- Trained and mentored 10 new flight nurses, contributing to a 15% increase in team efficiency and improved overall performance of the department.
- Collaborated with a multidisciplinary team to optimize resource allocation during high-demand periods, reducing response times by 25% and increasing the number of patients served by 18%.
