

# Mylinh Branas

Gardener

## Profile

Dedicated and diligent Gardener with 1 year of experience providing excellent horticultural skills and aesthetically appealing outdoor spaces. Proficient in plant identification, pest control, and landscape design, with a keen eye for detail. Demonstrates strong work ethic and commitment to client satisfaction, while continuously expanding knowledge in the horticulture field.

## Employment History

### Head Gardener at Green T Services, IL

Mar 2023 - Present

- Successfully increased overall garden productivity by 35% over a two-year period through the implementation of innovative planting techniques and efficient resource management, leading to an increase in client satisfaction and retention rate.
- Managed and led a team of 6 gardeners to complete a large-scale landscape renovation project for a major client within the deadline, resulting in a 25% increase in revenue for Green T Services and a long-term contract with the client.
- Implemented a comprehensive pest management program that reduced pesticide usage by 40% while maintaining healthy and thriving gardens, contributing to Green T Services' commitment to environmentally friendly practices and enhancing the company's reputation in the industry.

### Assistant Gardener at Chalet Landscape, IL

Jul 2022 - Feb 2023

- Successfully maintained and improved the health of over 500 diverse plant species across various garden sites, resulting in a 20% increase in overall garden aesthetics and client satisfaction.
- Implemented an efficient and eco-friendly pest management plan that reduced pesticide usage by 30%, contributing to a healthier environment for both plants and visitors.
- Assisted in the design and installation of a new irrigation system that saved the company 15% in water consumption and costs, while ensuring optimal watering coverage for all plants.
