HOBBIES

EMPLOYMENT HISTORY

● Health Inspector at Kansas Health Institute, KS

Mar 2023 - Present

- Conducted over 500 health inspections annually across various food establishments in Kansas, ensuring compliance with state and local regulations and maintaining a 98% pass rate for inspected businesses.
- Identified and resolved 150+ critical health violations within the first year of service, resulting in a 25% reduction in foodborne illness outbreaks in the region.
- Implemented a new digital reporting system, streamlining the inspection process and increasing overall efficiency by 35%.
- Spearheaded a community outreach program, providing education and resources to over 200 local businesses on best practices for food safety and sanitation, leading to a 20% improvement in overall compliance.

● Assistant Health Inspector at Kansas Department of Health and Environment, KS

Aug 2021 - Jan 2023

- Conducted over 250 comprehensive health inspections of various food establishments, childcare facilities, and public swimming pools in Kansas, ensuring compliance with state and federal health regulations and helping to maintain a safe environment for the community.
- Successfully identified and addressed 30 critical violations during routine inspections, leading to a 15% reduction in the number of foodborne illness outbreaks in the region within one year.
- Collaborated with a team of health inspectors to develop and implement a new inspection reporting system, which streamlined the process and increased overall efficiency by 20%, allowing for more inspections to be completed in a timely manner.
