Profile

Dedicated Hemodialysis Technician with 1 year of experience providing exceptional patient care in a fast-paced, acute care setting. Proficient in operating dialysis equipment, monitoring patient vital signs, and ensuring a clean and safe environment. Demonstrates strong communication skills, attention to detail, and commitment to adhering to clinical standards and guidelines. Adept at building rapport with patients and collaborating with interdisciplinary healthcare teams to enhance patient outcomes. Continuously seeking opportunities to expand skills and knowledge in the dialysis field.

Employment History

Hemodialysis Technician at Fresenius Kidney Care, HI

Apr 2023 - Present

- Successfully managed the treatment of over 50 patients per week, ensuring timely and efficient delivery of hemodialysis services while maintaining a 98% patient satisfaction rate.
- Implemented a new tracking system for dialysis equipment maintenance, resulting in a 20% reduction in equipment downtime and a 15% improvement in overall clinic efficiency.
- Trained and mentored 5 new hemodialysis technicians, contributing to a 30% increase in clinic staff capacity and enabling the facility to serve more patients in need of dialysis care.

Hemodialysis Technician Trainee at Liberty Dialysis Hawaii, HI

Aug 2022 - Mar 2023

- Successfully completed over 500 hours of hands-on training in hemodialysis procedures, achieving a 100% pass rate on all competency assessments and becoming a fully certified Hemodialysis Technician.
- Streamlined the setup and breakdown process for dialysis machines, reducing patient wait times by 15% and improving overall patient satisfaction scores by 10%.
- Assisted in the implementation of a new electronic medical record system, contributing to a 20% increase in efficiency and accuracy for patient data tracking and reducing administrative errors by 25%.
