Employment History

Highway Maintenance Worker at Virginia Department of Transportation, VA

Feb 2023 - Present

- Successfully completed the resurfacing of a 10-mile stretch of Highway 64 in Virginia, resulting in a 25% reduction in accidents and improved driving conditions for over 50,000 motorists daily.
- Managed a team of 12 maintenance workers in the repair and replacement of over 100 damaged guardrails along various highways in Virginia, significantly improving road safety and reducing the risk of vehicular accidents.
- Led the implementation of an innovative snow removal strategy during the winter season, which increased efficiency by 40% and reduced the time taken to clear major highways by 12 hours, ensuring safe and accessible roads for thousands of motorists.
- Collaborated with local municipalities and contractors to successfully complete a \$5 million bridge rehabilitation project on time and within budget, resulting in improved infrastructure and extended lifespan for the critical transportation link.

Highway Maintenance Technician at DBi Services, VA

Aug 2022 - Dec 2022

- Successfully maintained over 500 miles of highway in Virginia, ensuring safe and efficient transportation for thousands of daily commuters.
- Implemented an innovative preventative maintenance program that reduced roadway repair costs by 30% while improving overall road quality and safety.
- Led a team of technicians to complete a major highway resurfacing project on time and under budget, resulting in a savings of \$200,000 for the company and the state of Virginia.
- Improved response times to emergency road repairs by 25%, ensuring minimal disruption to traffic flow and reducing the risk of accidents caused by damaged roads.
