

Winfred Chowdhry

Hospice Social Worker

Profile

Hospice Social Worker with 2 years of experience providing compassionate and personalized end-of-life care to patients and their families. Skilled in psychosocial assessments, care planning, and emotional support, while collaborating effectively with interdisciplinary teams. Demonstrated ability to navigate complex healthcare systems and advocate for patients' needs. Committed to enhancing patients' quality of life and facilitating a dignified and peaceful transition.

Employment History

Hospice Social Worker at Hospice of the Red River Valley, ND

May 2023 - Present

- Successfully managed a caseload of over 120 patients, providing them with personalized emotional support and resources to improve their end-of-life experience while working at Hospice of the Red River Valley in North Dakota.
- Developed and implemented a comprehensive grief support program that served over 200 families in the Red River Valley region, resulting in a 25% increase in overall family satisfaction and positive feedback regarding the support received during the bereavement process.
- Collaborated with a multidisciplinary team to create an innovative volunteer training program, which recruited and trained over 50 new hospice volunteers, increasing the organization's capacity to serve more patients and families in need.

Associate Hospice Social Worker at St. Alexius Health Home Care & Hospice, ND

Jul 2021 - Mar 2023

- Successfully managed a caseload of over 60 patients per month, ensuring timely and effective support for patients and their families in coping with end-of-life care.
- Developed and implemented an innovative grief support group program, resulting in a 35% increase in attendance and positive feedback from participants and their families.
- Collaborated with an interdisciplinary team of healthcare professionals to create and execute comprehensive care plans for patients, resulting in a 25% reduction in hospital readmissions and improved patient satisfaction.
- Conducted over 100 family meetings, providing crucial education on hospice care, facilitating difficult conversations, and addressing concerns, leading to a better understanding of the hospice process and smoother transitions for patients and families.
