## EMPLOYMENT HISTORY

### HSE Manager at GHD Group, FL

Apr 2023 - Present

- Reduced workplace accidents by 60% within the first year by implementing comprehensive safety training programs and conducting regular risk assessments for all employees at GHD Group, FL.
- Streamlined the emergency response plan, resulting in a 50% reduction in response time during drills and actual emergencies, increasing overall safety and efficiency of the organization.
- Achieved a 90% compliance rate with OSHA regulations within six months, through thorough internal audits, corrective action plans, and continuous improvement initiatives.
- Saved the company \$200,000 annually by negotiating favorable contracts with vendors for personal protective equipment (PPE) and other safety materials, while maintaining high-quality standards.

### Assistant HSE Manager at Jacobs Engineering Group, FL

Aug 2018 - Feb 2023

- Successfully implemented a new safety training program, resulting in a 25% reduction in workplace accidents and injuries within the first year of implementation.
- Conducted comprehensive risk assessments for over 50 projects, leading to the identification and mitigation of potential hazards, ultimately reducing the number of incidents by 30%.
- Improved emergency response time by 40% through the development and implementation of an efficient incident reporting system, which streamlined communication between employees and management.
