PROFILE

Dedicated HTML Developer with a year of experience in designing and implementing user-friendly, visually appealing, and responsive web solutions. Skilled in HTML5, CSS3, and JavaScript frameworks, with a keen eye for detail and a strong understanding of UI/UX principles. Demonstrated ability to work effectively both independently and in team settings, and committed to staying current with emerging web technologies and trends.

EMPLOYMENT HISTORY

Senior HTML Developer at Pixel Perfect, OK

May 2023 - Present

- Increased website loading speed by 40% through optimizing HTML, CSS, and JavaScript code, resulting in a 25% increase in user engagement and a 15% reduction in bounce rate for Pixel Perfect's key clients.
- Developed and implemented a responsive, mobile-first design strategy that increased mobile traffic by 60% and improved overall user experience across all devices for over 30 client websites at Pixel Perfect.
- Led a team of 5 junior developers in the successful completion of 10 major projects within budget and on schedule, leading to a 20% increase in revenue for Pixel Perfect and a 90% client satisfaction rate.

Junior HTML Developer at Clevyr, OK

Jul 2022 - Apr 2023

- Successfully completed a website redesign project for a major client, increasing user engagement by 25% and reducing the bounce rate by 15%.
- Streamlined the development process by implementing a component-based approach, resulting in a 30% reduction in codebase size and a 20% improvement in page load times.
- Collaborated with the design team to create an interactive web application for a local non-profit organization, boosting their online presence and increasing donations by 40%.
