Dulce Kuepper

Informatica Etl Developer

Profile

Diligent Informatica ETL Developer with 1 year of experience in designing and implementing data integration solutions for diverse industries. Proficient in Informatica PowerCenter tools, SQL, and data warehouse concepts, with a strong ability to deliver high-quality work on time. Adept at collaborating with cross-functional teams, identifying bottlenecks, and optimizing data processing for improved efficiency. Seeking opportunities to leverage technical expertise and problem-solving skills in a challenging environment.

Employment History

Informatica ETL Developer at Hawaii Pacific Health, HI

May 2023 - Present

- Developed and implemented a comprehensive ETL process that increased data processing efficiency by 35%, resulting in more accurate and timely insights for decision-makers at Hawaii Pacific Health.
- Successfully migrated and integrated over 50 legacy systems into a centralized data warehouse, reducing data redundancy by 80% and significantly improving overall system performance.
- Led a team of 5 developers to redesign and optimize the organization's data extraction, transformation, and loading processes, resulting in a 25% reduction in time spent on data preparation and a 20% increase in data quality.
- Collaborated with cross-functional teams to develop custom Informatica solutions for complex data migration projects, leading to a 90% success rate in meeting project deadlines and a 15% increase in overall customer satisfaction.

Junior Informatica ETL Developer at Booz Allen Hamilton, HI

Sep 2022 - Apr 2023

- Developed and implemented ETL processes for a major client, resulting in a 40% reduction in data processing time and a 30% improvement in overall data quality.
- Streamlined the data integration process for multiple projects, leading to a 20% increase in efficiency and a 15% reduction in project completion time.
- Successfully migrated legacy systems to an Informatica ETL platform, leading to a 35% reduction in maintenance costs and improved system performance by 25%.
- Trained and mentored four new team members on Informatica ETL development best practices, contributing to a 10% increase in overall team productivity.

Certificates

Informatica PowerCenter Data Integration Certification
