Profile

An accomplished Infrastructure Manager with 5 years of experience in designing, implementing, and managing complex IT infrastructure systems. Adept at optimizing resources, reducing costs, and ensuring seamless system performance. Demonstrated success in leading cross-functional teams, managing vendors, and driving continuous improvement. Proven expertise in cloud computing, network administration, and IT security, with a strong background in project management and strategic planning.

Employment History

Infrastructure Manager at Equinix, Inc., CA

Apr 2023 - Present

- Successfully managed the deployment of 150+ data centers across 24 countries, ensuring seamless integration of IT infrastructure and on-time project completion, resulting in a 20% increase in global network capacity for Equinix, Inc.
- Reduced operating expenses by 15% annually through the implementation of energy-efficient cooling solutions and optimization of power usage effectiveness (PUE) in all data centers, contributing to a savings of \$2 million in energy costs over a 3-year period.
- Led a cross-functional team to develop and implement a comprehensive disaster recovery plan, which improved system uptime by 99.99% and reduced data center downtime by 80%, enhancing overall business continuity and customer satisfaction.

Assistant Infrastructure Manager at Digital Realty Trust, Inc., CA

Aug 2018 - Mar 2023

- Successfully managed the implementation of a new data center infrastructure project, resulting in a 20% increase in capacity and a 15% reduction in energy consumption for Digital Realty Trust, Inc. in California.
- Streamlined the procurement process for infrastructure equipment and services, leading to a 25% reduction in lead times and a 10% cost savings for the company.
- Led a cross-functional team in the development and execution of a comprehensive disaster recovery plan, which was successfully tested and executed during a critical power outage, ensuring 99.99% uptime for all clients at the California facility.

Education

Bachelor of Science in Civil Engineering at California State University, Long Beach

Sep 2014 - May 2018
