Employment History

Instructional Technologist at Michigan Virtual, MI

May 2023 - Present

- Developed and implemented a comprehensive e-learning program for over 10,000 students across Michigan, resulting in a 25% increase in course enrollment and a 15% improvement in overall student performance.
- Successfully trained and supported over 500 educators in the integration of instructional technology tools, leading to a 30% increase in teacher proficiency and confidence in using technology in the classroom.
- Managed a \$2 million annual budget for Michigan Virtual's instructional technology initiatives, ensuring the effective allocation of resources and leading to a 20% reduction in costs while maintaining high-quality educational offerings.

Associate Instructional Technologist at TechSmith Corporation, MI

Sep 2021 - Mar 2023

- Led the development of a new e-learning platform, resulting in a 35% increase in user engagement and a 25% reduction in support inquiries.
- Implemented a comprehensive training program for over 200 employees, improving overall productivity by 15% and reducing onboarding time for new hires by 50%.
- Collaborated with a cross-functional team to design and launch an interactive mobile app, which garnered over 10,000 downloads within the first three months and received a 4.5-star rating on the App Store.
- Successfully managed a \$500,000 budget for instructional technology projects, ensuring all initiatives were completed on time, within scope, and under budget.
