Profile

Results-driven Investment Banking Associate with 2 years of experience in providing strategic financial guidance to clients across various industries. Adept at executing M&A transactions, capital raising, and financial modeling while maintaining strong relationships with clients and stakeholders. Proven track record of contributing to revenue growth and delivering innovative solutions in a fast-paced environment. Highly analytical with exceptional communication and problem-solving skills, committed to driving business success and exceeding client expectations.

Employment History

Investment Banking Associate at Northrim Bank, AK

Apr 2023 - Present

- Successfully closed a \$50 million acquisition deal for a major client, resulting in a 15% increase in the client's market share and a 20% growth in their annual revenue.
- Led a team of analysts to conduct comprehensive due diligence on a potential \$30 million investment opportunity, uncovering significant financial risks that ultimately saved the client from a costly investment decision.
- Developed and presented a detailed financial model for a \$40 million debt refinancing deal, enabling the client to secure more favorable financing terms and reduce their interest expenses by 25%.
- Played a key role in expanding the bank's client base, contributing to a 10% increase in annual investment banking revenue by identifying and securing relationships with three new high-value clients in the region.

Investment Banking Analyst at First National Bank Alaska, AK

Jul 2021 - Feb 2023

- Managed a successful merger deal worth \$50 million between two major Alaskan companies, leading to a 15% increase in market share for the client and a 10% increase in annual revenue for the bank.
- Conducted comprehensive financial analysis and due diligence for over 20 potential acquisitions and investments, resulting in 8 successful deals with a combined value of \$120 million and generating \$15 million in advisory fees for the bank.
- Developed and maintained financial models and valuation analyses for clients, leading to the successful execution of 5 IPOs with a total raised capital of \$200 million, and contributing to an increase in the bank's market share by 5%.
- Streamlined the investment banking department's internal processes, reducing the average time spent on client presentations and reports by 30%, increasing overall team efficiency and enabling the department to take on an additional 5% more clients per year.
