Dedicated Kennel Technician with 1 year of experience in providing exceptional animal care within a fast-paced facility. Demonstrated ability to manage various breeds, administer medications, and maintain a clean and organized environment. Adept at fostering positive relationships with clients and colleagues, and committed to ensuring the well-being and comfort of all animals.

#### Kennel Technician at Kennebec Valley Humane Society, ME

Mar 2023 - Present

- Successfully cared for over 1,000 animals annually, ensuring their physical and emotional well-being, and contributing to a 95% adoption rate.
- Implemented a new kennel cleaning procedure, reducing cleaning time by 30% while maintaining high standards of hygiene and cleanliness.
- Trained and supervised a team of 5 volunteers, increasing volunteer retention rate by 20% and improving overall efficiency in daily operations.
- Assisted in the successful rehoming of 100+ animals with special needs, including behavioral and medical issues, through personalized care plans and close collaboration with potential adopters.

#### Kennel Assistant at Tender Touch Veterinary Hospital, ME

Jul 2022 - Jan 2023

- Successfully managed the care and well-being of over 50 dogs daily, ensuring a clean, safe, and comfortable environment for each animal.
- Streamlined the feeding and medication administration process for all kennel residents, resulting in a 20% reduction in time spent on these tasks and improved accuracy in meeting individual dietary and medical needs.
- Assisted in the rehoming of 100+ animals through effective socialization, training, and promotion of adoption events, contributing to a 30% increase in adoption rates within one year.
- Implemented a new system for tracking and scheduling routine health checks and grooming appointments, leading to a 25% decrease in missed or overdue appointments and increased overall pet health and satisfaction among clients.

#### Certificate in Animal Care and Handling at University of Maine, Orono, ME
