

# Daliya Holahan

Landscaper

## Profile

Dedicated Landscaper with 1 year of experience in creating and maintaining aesthetically appealing outdoor spaces. Proficient in various landscaping techniques, plant care, and hardscape installation. Strong commitment to customer satisfaction and a keen eye for detail, ensuring high-quality results in all projects undertaken.

## Employment History

### Landscaper at Tropical Landscape Solutions, FL

Apr 2023 - Present

- Successfully designed and implemented a large-scale landscaping project for a 5-acre commercial property in Florida, resulting in a 20% increase in property value and earning the company a prestigious industry award for excellence in design.
- Efficiently managed a team of 12 landscapers to complete over 50 residential and commercial projects within a year, resulting in a 15% increase in annual revenue for Tropical Landscape Solutions.
- Implemented sustainable landscaping practices, such as native plantings and efficient irrigation systems, across all projects, leading to a 30% reduction in water usage for clients and a subsequent 10% decrease in maintenance costs.

### Landscape Technician at Green Earth Landscaping, FL

Aug 2022 - Feb 2023

- Successfully designed and implemented a large-scale landscaping project for a commercial client, increasing their property value by 15% and resulting in a 10% increase in new business for Green Earth Landscaping.
- Efficiently managed a team of 5 landscape technicians to complete a complex residential project within the allotted budget and timeline, leading to a 95% customer satisfaction rating and a 20% increase in referral business.
- Streamlined the company's plant procurement process, reducing costs by 25% and improving overall project efficiency by 30%, contributing to Green Earth Landscaping's reputation as a top provider of landscaping services in Florida.
