## EMPLOYMENT HISTORY

### Logistics Manager at Cincinnati Precision Instruments, OH

Mar 2023 - Present

- Successfully reduced shipping costs by 15% in one year through renegotiation of carrier contracts and optimization of transportation routes, saving the company over \$100,000 annually.
- Streamlined warehouse operations by implementing an inventory management system that increased efficiency and reduced order processing time by 25%, resulting in a 10% increase in customer satisfaction ratings.
- Led a cross-functional team to successfully complete a large-scale relocation project of the company's main distribution center within the deadline and under budget, with minimal disruption to the business operations and no negative impact on delivery times.

### Logistics Coordinator at Total Distribution Inc., OH

Sep 2022 - Feb 2023

- Successfully managed the distribution of over 500,000 products per month, resulting in a 98% on-time delivery rate and an increase of 15% in overall customer satisfaction.
- Implemented a new inventory management system that reduced warehouse costs by 20% and increased efficiency by 25%.
- Coordinated a team of 50 staff members, increasing their productivity by 30% and reducing overtime expenses by 10%.
