Detail-oriented Logistics Analyst with 1 year of experience in optimizing supply chain operations, streamlining processes, and improving cost efficiency. Proficient in data analysis, inventory management, and transportation planning. Strong problem-solving and communication skills, with a proven ability to collaborate with cross-functional teams. Committed to delivering high-quality results and driving continuous improvement in logistics performance.

Logistics Analyst at Ryder System Inc., FL

Mar 2023 - Present

- Successfully reduced transportation costs by 15% in 2019 through optimizing routing and carrier selection, resulting in annual savings of \$1.2 million for Ryder System Inc.
- Streamlined warehouse operations by identifying and implementing a new Warehouse Management System (WMS) in 2018, leading to a 20% increase in efficiency and reducing labor costs by \$500,000 annually.
- Developed and executed a comprehensive inventory management strategy in 2017, leading to a 10% reduction in stock discrepancies and a 25% decrease in stock obsolescence, saving the company \$300,000 per year.
- Led a cross-functional team in 2020 to design and implement a new transportation management system (TMS), resulting in a 30% improvement in on-time delivery performance and a reduction in customer complaints by 40%.

Associate Logistics Analyst at C.H. Robinson Worldwide Inc., FL

Aug 2022 - Jan 2023

- Successfully reduced transportation costs by 15% within the first year, resulting in annual savings of \$500,000 for C.H. Robinson Worldwide Inc., FL, by identifying inefficiencies and implementing strategic process improvements.
- Streamlined the shipment tracking process, improving on-time delivery rates from 85% to 95% within six months, leading to increased customer satisfaction and retention for the company.
- Spearheaded a cross-functional team that optimized warehouse space utilization by 20%, enabling the company to accommodate an additional 100,000 square feet of inventory without incurring any additional costs.

Bachelor of Science in Logistics and Supply Chain Management at Florida International University, Miami, FL

Aug 2017 - May 2022
