Profile

A Maintenance Superintendent with 5 years of experience in managing and overseeing maintenance operations across diverse industries. Proficient in implementing preventive and predictive maintenance programs, ensuring safety compliance, and optimizing equipment performance. Demonstrated expertise in team leadership, project management, and budget control. Adept at fostering collaborative relationships with cross-functional teams, vendors, and contractors to achieve operational excellence and meet organizational goals.

Employment History

Maintenance Superintendent at Kansas City Power & Light, KS

Mar 2023 - Present

- Successfully reduced equipment downtime by 25% through the implementation of a proactive preventative maintenance program, resulting in increased productivity and reduced operational costs.
- Led a team of 15 maintenance personnel to achieve a 98% on-time completion rate for scheduled maintenance tasks, significantly improving overall efficiency and reliability of the facility's equipment.
- Implemented a comprehensive safety training program that led to a 40% reduction in workplace accidents, contributing to a safer working environment and lower insurance premiums for the company.

Assistant Maintenance Superintendent at Westar Energy, KS

Sep 2018 - Jan 2023

- Successfully managed a team of 20 technicians, reducing equipment downtime by 30% and increasing overall productivity by 15% within the first year.
- Implemented a preventive maintenance program, resulting in a 25% reduction in unplanned repairs and a cost savings of \$50,000 annually.
- Streamlined the work order system, improving efficiency by 40% and reducing the average response time for maintenance requests from 48 hours to 24 hours.
