

Trenna Dellorco

Manufacturing Supervisor

Profile

Results-driven Manufacturing Supervisor with 2 years of experience in overseeing production processes and leading teams to achieve efficiency and quality goals. Proficient in lean manufacturing principles, workflow optimization, and continuous improvement initiatives. Adept at ensuring compliance with safety regulations, monitoring equipment performance, and managing employee training and development. Demonstrated ability to drive productivity, reduce costs, and maintain high standards in a fast-paced manufacturing environment.

Employment History

Manufacturing Supervisor at Louisiana-Pacific Corporation, LA

Feb 2023 - Present

- Successfully increased production efficiency by 15% within the first year by implementing lean manufacturing principles, optimizing workflows, and reorganizing the production floor layout.
- Reduced machine downtime by 20% and increased overall equipment effectiveness (OEE) by 10% through the development and implementation of a preventative maintenance program, resulting in a cost savings of \$50,000 annually.
- Led a team of 25 employees to achieve a 98% on-time delivery rate, improving customer satisfaction and contributing to an increase in repeat business by 12%.
- Implemented safety initiatives that reduced workplace accidents by 40% and achieved a 95% compliance rate with safety regulations, resulting in a 30% reduction in workers' compensation claims and associated costs.

Assistant Manufacturing Supervisor at Cornerstone Chemical Company, LA

Sep 2021 - Jan 2023

- Successfully implemented new production processes, resulting in a 15% increase in efficiency and saving the company \$250,000 annually.
- Oversaw a team of 25 employees, achieving a 20% reduction in production errors and improving overall product quality by 10%.
- Led a project to optimize inventory management, reducing excess raw material costs by \$100,000 and decreasing lead times by 30%.
- Assisted in the development and implementation of safety training programs, contributing to a 40% decrease in workplace accidents and injuries over a two-year period.

Education

Associate of Applied Science in Manufacturing Technology at Louisiana Technical College, Baton Rouge, LA

Aug 2017 - May 2021

Relevant Coursework: Computer-Aided Design (CAD), Computer Numerical Control (CNC) Programming, Manufacturing Processes, Lean
